

Midnight Messiah had a great time playing at Headbangers Open Air on July 27th.

The band would like to thank the organisers and crew for inviting them to play and for all their help.

The boys would also like to say a big thank you to all the fans for their great support and appreciation of their set, and it was great to meet a lot of you afterwards in the meet and greet tent and around the site.

We'd also like to thank our old mate Nigel Dobbs from Elixir for standing in on drums and doing a great job.

Although he really wanted to play, Darren reluctantly decided not to travel as his wife was due to give birth at any moment.
