

Our Online Shop has a new look.

When you click on the online Shop button on the top menu you will be taken to our Bandcamp shop page.

For digital downloads, vinyl and CDs click on the 'Music' tab on the top of the Bandcamp shop page.

For merch, such as T-shirts and patches click the 'Merch' link. Simple eh?!

All orders are still processed from Elixir HQ, so you will receive the same quick and personal service, we just decided to put everything in one place to make your shopping experience easier and quicker.
